DIRECTIONS FOR USE:

“Foliar fertilization with primary nutrients will not provide the quantities required for normal plant growth. This product may cause foliar burn if applied in higher than recommended rates or concentrations. Use only as a supplement to a regular fertilization program”. BIO RELEASE is designed for foliar application and for injection through chemigation and sprinkler systems.

Sprinkler Irrigation: Apply at the rate of 1-2 gallons/acre with irrigation water.

Foliar Application: Use BIO RELEASE at the rate of 8-32 OZ in at least 25 gallons water per acre.

Aerial Application: Apply the recommended amount of BIO RELEASE in at least 8 gallons water per acre.

Soil Mark-out Application: Add 1/2-1 gallons of BIO RELEASE with the fertilizers (10-34, 3-18-18 or phosphoric acid) and apply in furrow.

Potatoes and Sugar Beets: Apply ½ -1 gallon/acre early in the season.

Grain Crops: Apply BIO RELEASE at the rate of 1/2-1gallon/acre.

Greenhouse crops: Inject 1-2 gallons of BIO RELEASE in drip irrigation system.

Fruit trees: Apply BIO RELEASE at the rate of 1/2 – 1 gallon/acre.

Alfalfa: Apply 1-2 qts/acre after each cutting.

CAUTION: This fertilizer is to be used only on crops which respond to molybdenum. Crops high in molybdenum are toxic to grazing animals (ruminants).

Compatibility: BIO RELEASE is compatible with most fertilizers (including phosphates) and registered pesticides. However, compatibility jar test and small plot test is recommended before large-scale treatments are started. Always refer to products label. **TANK MIXING** Fill the tank with half the water, add BIO RELEASE and agitate to dissolve. Add dry formulations and dissolve, follow by liquids. Bring to volume with water. After thorough mixing, allow this mixture to stand for 5 minutes. If the combination remains mixed or can be readily remixed, it is physically compatible. Once compatibility has been proven, use the same procedure for adding products to the spray tank.

IMPORTANT NOTICE TO PURCHASER: Seller's and manufacturer's only obligation to a purchaser or user of this product shall be to refund the purchase price, or to replace the quantity purchased, of any defective product. In no event shall Seller or manufacturer be liable to a purchaser or user of this product for any claim for any economic, indirect, special, incidental or consequential damages, or for any injury, loss or damage, direct or indirect, to any person or property. Purchaser of this material expressly acknowledges and agrees to these terms.
